

Edited Video Checklist

Name of Client _____ Date of event _____

Dear *Clients*,

The following will help us produce a higher quality video on your special day.

1. For prints: Please number and label the back of each picture in the order in which you want it to appear. If possible, try to choose pictures several years apart to show yourselves growing up. Five or 6 of each of you growing up and of you together is enough (15 to 20 in total). Please also submit an invitation. You may also submit only dating pictures, engagement photo shoots or even pictures from your honeymoon. They need to be labeled in the order you wish them to appear. It is preferred to have them in a digital format and not print.
1. Please **select 3-4 songs** that you would like to include. If you are unsure then allow us to select them. They should be contemporary and have meaning for both of you.

Song 1	
Song 2	
Song 3	
Song4	
Song 5 (Song for Music Video)	

4) We are giving you a complete professional product and reserve the right to ask that others not be in the way during crucial moments. We would not want to miss an important moment. We always work well with photographers, DJs and Reception hall staff.

We look forward to serving you on this very special day of your lives.

Sincerely
Jose A. Lopez President
